Re: Notice of File Closure for Small Mining Activities, Silverstreak/Goldstreak Project, S/003/015, Box Elder County, Utah

Dear Mr. Barson:

This letter is to notify you that file #S/003/015, for the Silverstreak/Goldstreak project, located in Box Elder County, Utah, will be retired from our files.

In a recent conversation with the United States Forest Service (USFS), we were informed that this project was never started and there is no mining disturbance in this project area. Because the \$100.00 permit fee was not paid for this project, and as this project is located on federally managed lands, we will accept the USFS's recommendation and close our file for this project notice. You are hereby released from any further mining or reclamation responsibility at this site. If you wish to restart any mining in this area, you will have to submit a new notice to the appropriate agencies, pay the Division permit fees, and receive written approval prior to creating any disturbance.

If you have any questions or concerns regarding this action, please contact me at (801) 538-5310.

Sincerely,

A handwritten signature in black ink, appearing to read 'Lynn Kunzler'.
